Dear Prospective Grantee:

The American Friends of Jamaica, Inc. (AFJ) is pleased to announce the launch of its 2021-2022 grant application cycle. The AFJ is now accepting proposals from organizations operating in the fields of education, healthcare and human and economic development benefiting the people of Jamaica.

The grant application can be downloaded from the AFJ website www.theafj.org.

Complete application materials must be submitted not later than **FRIDAY, FEBRUARY 4, 2020**. Incomplete and late applications will not be considered. Grant decisions will be made and communicated to applicants by the AFJ before the end of April 2022. Please note that applications are reviewed once per year.

To be eligible, organizations must exhibit the following:

1. The grantee should have a Board of Directors, governing body or independent entity to which the project administrator is responsible. The governing body or sponsor should hold regular meetings with the project administrator, as well as keep minutes of deliberations and decisions.
2. The grantee should be registered under the Charities Act 2013 or be a school, a university or provide documentation supporting eligibility that will be considered by the AFJ Grants Committee.
3. The project should have at least one person with operational responsibility for implementation of the project and administration of funds.
4. The grantee should have a separate trust account for grant funds. Funds held for charitable purposes should be kept separately from funds held by the grantee for its administrative purposes.
5. The grantee should maintain clear and accurate financial records for its own operations that will provide AFJ with an understanding of the organization's administrative expenses
6. The grantee should be able to keep separate accounts for the project, showing all income and expenditure. These should be kept up-to-date, and AFJ will have the right to request and review at any time between initial disbursement of grant funds, and the final report.
